Tony Leone,
The Constance Group

"I've always enjoyed attending AMOA On The Road. From attending seminars to better myself as a leader, learning about current industry trends to networking with industry peers, I always come away from OTR with a new idea or two

to bring home to our business. I highly recommend attending AMOA On The Road."

Tim Zahn, American Amusement Arcade

"Attending AMOA On The Road is always a highlight of my year. I learn so much from the seminars offered and networking with my fellow operators. What I enjoy most is the Manufacturers Spotlight Show. It's a fun and intimate atmosphere where you can take your

time and talk to each manufacturer about the new and current equipment they offer."

Brian Brotsch, Knox Amusement
